### Skills

Javascript

ES6

jQuery

Node.js

Typescript

Python

C++

SQL

### Tools & Technologies

React

Express

Django

SCSS

PostgreSQL

Firebird

Linux

Git/Github

Azure DevOps

Bitbucket

SourceTree

Docker

### Hobbies

Chess

Running 5ks

Super Smash Brothers Ultimate Player

Previously sponsored by Bento Box Gaming

Star Realms Deck-Building Game

Platinum Tier on BoardGameGeek

### Professional Experience

#### Systems Analyst II

Bridgeway Benefit Technologies | Maple Shade, NJ

February 2017 - Present

- » Develop and maintain 30+ login portals ranging between 100 and 10k users: using REST APIs to show real-time user data from the core Bridgeway product
- » Build responsive and accessible static websites using Javascript, HTML5, CSS3, Sass, MaterializeCSS, Bootstrap, and Wordpress

#### Examples:

[carpenterbenefits.org](http://carpenterbenefits.org) | [teamstersinsurance.com](http://teamstersinsurance.com) | [ufcwemprfund.org](http://ufcwemprfund.org) | [lnpf.org](http://lnpf.org)

- » Act as liaison between client, product, IT, and sales teams during the lifecycle and support of multiple projects

### Professional Projects

#### Login Portal Products

HTML, MaterializeCSS, jQuery, C++, FirebirdSQL

- » Biometric screening dashboard that shows users whether their wellness requirements (e.g., blood pressure, BMI) are met to earn wellness credits
- » e-Forms such as a change of address, enrollment, and tax forms with varying levels of customization per client requirements
- » Demo portal for the Sales Team to show off the company's web products

#### Online Payments

HTML5, MaterializeCSS, jQuery, Node.js

- » Integrate with Stripe for users to make online payments

### Volunteer Experience

#### Code for Philly

Balancer | React, Tailwind, Django, Postgres

- » Balancer is a platform that utilizes machine learning to provide personalized medication recommendations for patients with bipolar disorder
- » Improve Chat AI response formatting in UI
- » Develop email subscription service and gather users' demographic information

### Education

#### B.S. Mathematical Sciences Minor: Computer Science

University of West Florida

2015 | GPA: 3.5
